

The checklist to increase social and economic participation

ELEMENT - Plan, implement and measure outcomes		
ACTION	HOW TO DELIVER	DONE / TO DO
Set targets	Establish baseline measures for social and economic participation and set targets based on community need	<input type="checkbox"/>
	Develop data collection methods to evaluate the actions delivered and outcomes for the community	<input type="checkbox"/>
Develop and integrate action plans	Develop robust, implementable plans with priorities	<input type="checkbox"/>
	Consider regional action planning if appropriate	<input type="checkbox"/>
	Set review periods for the action plan to monitor progress and consider changes required	<input type="checkbox"/>
	Plan for disability inclusion more broadly as part of ageing, health, housing and infrastructure development	<input type="checkbox"/>
Deliver accessible infrastructure	Develop local standards and codes which go beyond compliance	<input type="checkbox"/>
	Plan for universal access infrastructure	<input type="checkbox"/>
	Conduct regular infrastructure and building audits with people with disability to identify areas for improvement	<input type="checkbox"/>
	Conduct site visits with decision-makers to provide a lived experience of the issue	<input type="checkbox"/>
	Deliver sufficient accessible disabled parking	<input type="checkbox"/>
	Attract visitors and residents by creating specific attractions with universal access	<input type="checkbox"/>
Deliver programs and facilitate actions to programs	Deliver universal access programs and events	<input type="checkbox"/>
	Deliver specific programs for people with disability, their families and carers	<input type="checkbox"/>
	Support other organisations to deliver programs, for example, with accessibility checklists for events	<input type="checkbox"/>
Measure outcomes	Develop a framework to critically assess and evaluate activities, outputs and outcomes	<input type="checkbox"/>
	Report on outcomes to the community	<input type="checkbox"/>
